I would've been in an entirely different state. It was between a computer science college or CSUB aka Pathways. I probably wouldn't have to come to CSUB without it tbh. I know I wouldn't be as social and I would be hella stressed. Also I'd literally just be stuck in the dorms 24/7 that'd be boring asf. Plus I wouldn't be admin that'd be a bummer 💀

i also wouldn't be able to spam our mentors dms (edited)

Stressful, more expensive, I would have been completely lost, confused more than ever, not that social, and I wouldn't have met the amazing mentors that we have now
