

Developing Systemic Peer Mentor Trainings for Successful Student Support Programs

LARK CRUMPLER, DR. ERIC MARINEZ, DR. ERIKA KATO

Strengthening the Impact by Providing Undergraduate Educational Development Opportunities HSI STEM & Articulation Programs; Award #: P031C160085; PD: Dr. Eric Marinez

California State University, Long Beach

Strengthening the Impact by Providing Undergraduate Educational Development Opportunities

Funded by the U.S. Department of Education HSI STEM & Articulation Programs

Collaboration with College of Natural Sciences and Mathematics & College of Engineering

October 1, 2016 – September 30, 2021

Today's Learning Outcomes

- Examine fundamental questions to consider when developing a peer mentor training.
- Discuss the value of the process and reflection model of learning.
- Reflect on examples of peer mentor training content and activities to apply at respective institution.

Student-Centered Activities

Freshmen

- STEP into STEM
- EXCEL Learning Community
- Bienvenida

Transfer

- Summer Bridge to the Beach
- EXCEL Learning Community
- Transfer Orientation

Student-Centered Opportunities

STEM Mentors

- Summer STEM Mentors
 (Summer only)
 10-35 hours/week (varies)
 Starting Pay: \$14.50/hr
- EXCEL Peer Mentors
 (Academic Year)
 10 hours/week
 Starting Pay: \$14.50/hr

Sí Puedo EXCEL Learning Communities

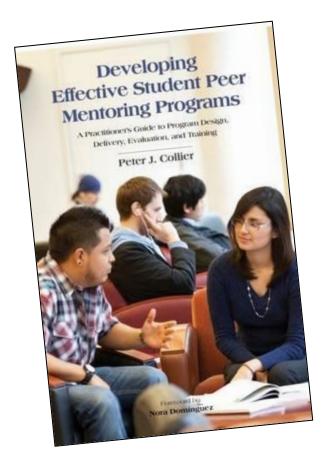

Students participating in the one year STEM EXCEL program will be part of a learning community cohort of 26 students rooted in course clusters consisting of:

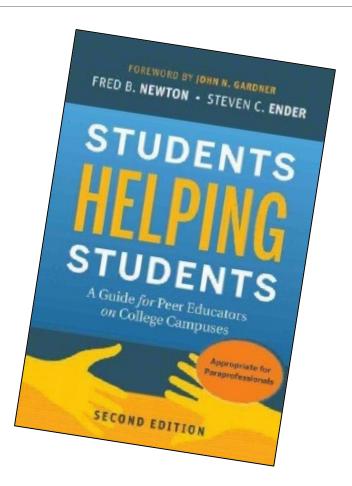

- a freshman & transfer introductory course;
- a low completion pre-requisite STEM course;
- a supplemental instruction (SI) course;
- a Success Hour where peer mentoring, tutoring, and networking take place;
- three one-on-one meetings with their assigned peer mentor;
- a minimum of four student success workshops each semester.

Sí Puedo Peer Mentorship Goal

Offer near peer role models (upper division STEM students) to first year students (freshmen and transfer) in an effort to provide academic and social support, as part of a larger first-year experience aimed to increase campus connectedness, social belonging, academic preparedness, confidence, and persistence.

Planning Resources

Why Peer Mentors?

- The peer helper is slightly ahead in experience and awareness of what a student seeking help may be going through, but not so removed as to seem unable to identify and understand his or her situation. (Lockspeiser, O'Sullivan, Teherani, & Muller, 2008)
- Peer influence in many situations may be stronger than that of adults such as teachers, parents, and other experts. (Mellanby, Rees, & Tripp, 2000)
- Peer mentors have been demonstrated to be effective helpers when provided systemic training in interpersonal communication and relationship skills. (Carkhuff, 1969; Daniels & Ivey, 2007; Terrion & Leonard, 2007)

Peer Mentors can:

- Increase mentee campus engagement & involvement;
- Increase mentee's feelings of campus connection;
- Provide emotional support, as appropriate;
- Help mentees navigate college;
- Help mentees identify and use campus resources to alleviate adjustment issues.

Peer Mentors are:

- Exemplary Student Role Models
- Campus Ambassadors for the Colleges
- Tutors
- Peer Mentors
- Advocates
- Friends
- Resources
- Student Assistants

Peer Mentor Criteria & Benefits

Criteria of EXCEL Peer Mentors

- Declared undergraduate Engineering or Natural Sciences and Mathematics ONLY.
- Minimum 3.0 GPA and above preferred.
- Preferably completed at least 60 (CNSM) or 90 (COE) units by end of Spring 2020 semester.
- Able to tutor upper and lower division courses in your college.
- Interest in mentoring freshmen and transfer students.
- Desire to represent the College of Engineering, the Engineering Student Success Center, or the College of Natural Sciences and Mathematics, the Jensen SAS Center, and CSULB during outreach and orientation activities.
- Must be able to commit to the academic year.

If accepted to the EXCEL Peer Mentor Program, you must:

- Assist in a mandatory ENGR or NSCI course (Fall 2020).
- Make individual contact with assigned first-year mentees monthly.
- Devote approximately <u>5-6 hours</u> per week to tutoring in the Engineering Student Success Center or the Jensen SAS Center.
- Organize and/or participate in regular events/activities for mentees.
- Commit to a total average of approximately 10 hours each week during the academic year.
- Be available for mandatory paid summer & spring training, bi-monthly check-in meetings, community building activities, and potentially other summer opportunities.
- Maintain regular communications with your supervisor.
- Attend workshops for professional development as available.
- Complete other duties as assigned.

EXCEL Peer Mentor Program Benefits

- Receive training in growth mindset, communication, group dynamics, and leadership skills.
- Utilize the acquired skills in outreach and designated activities.
- Create connections with COE or CNSM students, staff, faculty, administrators, and industry members
- Receive training in academic mentoring and tutoring techniques.
- Maintain skills in subject matter through tutoring.
- Starting pay rate: \$14.50/hour.

Peer Mentor Commitment

Attend Mandatory Summer and Spring Trainings

ENGR 101 or NSCI 390 Course Attendance (1 hour/week. Dates & times TBD)

Success Hour Attendance (1 hour/week. Dates & times TBD)

Tutoring (approximately 5 hours/week)

- Schedule will be set before the start of classes in August.
- Tutoring will take place from (TBD)
- Kiosk training required

Mentoring (approximately 2 hours/week)

- Meet with each assigned mentee for one hour per month.

Check-in Meetings (twice monthly, dates & times TBD)

Assist with recruitment and outreach events

Attend campus events and HSI STEM activities

EXCEL Peer Mentors

42 undergraduate students hired annually

21 in COE (18 freshmen, 3 transfers)

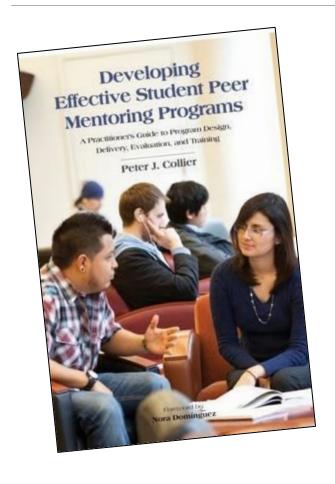

21 in CNSM (18 freshmen, 3 transfers)

312 freshmen and 50 transfer students

1:9 - Mentor to mentee ratio

Developing the Training Content

Six Fundamental Questions:

- 1. What do you want to accomplish with the training?
- 2. What kind of timeline are you operating on?
- 3. What information should be covered?
- 4. What resources will be necessary?
- 5. Will you need assistance from other campus or community offices, programs, or trainers?
- 6. Will current or past mentors and mentees be included in the training?

Sí Puedo Peer Mentorship Goal

Offer near peer role models (upper division STEM students) to first year students (freshmen and transfer) in an effort to provide academic and social support, as part of a larger first-year experience aimed to increase campus connectedness, social belonging, academic preparedness, confidence, and persistence.

EXCEL Introductory Ice Breaker - Day 1 Peer Mentor 2019 Summer Training California State University, Long Beach

Connecting Stories Facilitated By Lark Crumpler

Connecting Stories is a fun team-building activity and get-to-know-you game that is all about finding common experiences or themes between people. This activity works best in small groups of 6-8 people.

Materials required: Pens and Post-it Notes. Notecards or other small slips of paper will also work.

Setup for Connecting Stories

Have everyone divide into small groups of 6-8 people. Ensure each table has several post-it notes and pens. The goal of the game is to connect mini-stories in an interesting way. Each person must share at least one item that connects to the other mini-stories. The longer the chain of items that can be created, the better. Write down a few words on a post-it note to keep track of each part of the story.

The first player begins by sharing an interesting memory or experience that they have. For example, one player can say: "One time, I accidentally locked myself out of the house. So then I spent the entire day at a coffee shop."

Any other person can tell a related story that has any similar themes or elements to the previous story. For example, the next person can say, "I am a total coffee addict. Every day I drink 3 cups of coffee and it sometimes prevents me from being able to sleep at night."

The next player, based upon the previous story shared, can say something related, such as: "I don't sleep much at night because I play lots of computer games until early morning."

Any person can then add to the story, by saying something like, "I also love

To help the group remember each part of the story, write a few words on a post-it note for each part of the story chain. The more interesting or funny the story, the

At the end of the game, the group with the longest connected chain of stories is the winner. You may ask the group to share the entire story with the whole group. This activity is a fun way to get people to share stories, while helping people learn similarities or common interests.

Peer Mentor 2019 Summer Training Team Building & Reflection - Day 1 California State University, Long Beach

The Marshmallow Challenge

Materials:

- 13 large pieces of newspaper
- 13 paper bags
- 13 scissors
- 1 measuring tape
- Timer
- 13 bags of the following:
 - o 20 sticks of uncooked spaghetti
 - 1 large marshmallow
 - o 1 yard of string
 - 1 yard of blue painters' tape

Purpose: Help mentors reflect on processes of working in groups and team building.

Instructions:

Create 13 teams of 3-4 mentors. Each team receives a bag of materials.

Teams compete to build the tallest freestanding structure following these rules:

- Build the tallest freestanding structure as measured from the surface to the top of the marshmallow. The structure may not be suspended from another structure.
- The entire marshmallow must be on top of the structure. Cutting or eating part of the marshmallow disqualifies the team.
- Use as many or as few of the supplies as your team chooses, with the exception of the marshmallow (which must be placed on top of the structure) and the paper bag (which may not be used as part of the structure). The paper bag includes 20 sticks of spaghetti, one yard of tape, one yard of string, and one marshmallow.
- Teams may break the spaghetti and cut the tape and string as needed to create the
- Complete the challenge in 20 minutes. Teams may not hold the structure in place when time is up. Touching or supporting the structure at the end of the exercise disqualifies the team.

Afterward, explore the following questions together:

- How well did your team work together?
- What helped the group pursue its goal?
- What roles did you observe group members playing as you constructed your tower?
- What did you learn about yourself during this activity? About others?
- What would you do differently if you could begin again?

Exercise 8.1, pages 230-231

Fall 2019 Adjustment Issues

August & September (1st meeting):

- Dealing with independence (being away from family)
- Overwhelmed
- Scared
- Questioning Major
- · Questions about campus and campus resources
- What are college classes like?
- · Communicating with professors
- First impression of professors
- Buying books
- Adding/dropping classes
- Week of Welcome
- Time management
- First midterm
- Health --> Freshman 15
- Parking
- Big classes

October (2nd Meeting)

- More midterms & tests
- Anxiety
- Thinking ahead
- Debating switching majors Identity crisis
- Roommate problems
- FAFSA application
- Halloween Plans
- Financial problems
- · Reality setting in
- Comparing lives to friends
- Fraternities and clubs
- · Dorms: can't leave easily, dining hall food

November & December (3rd meeting)

- Will I pass this course???
- Spring registration
- Preparing to go home again Transportation
- Seasonal Depression

- Buying gifts
- Financial problems Office hours
- The last minute plead
- Questioning major
- Finally using resources
- Losing focus
- Thanksgiving Break
- Studying over break
- Final Projects
- Calculating grades
- Seeing old friends
- Breakups
- New relationships
- Burnout Illness
- Applying for Programs
- Extracurriculars
 - Clubs
- Research
- Christmas
- Studying Abroad

Fun Fact Bingo

Bingo Rules: Find someone in the group who identifies with <u>one</u> fun fact from the boxes below.

Introduce yourself.

Have them initial their fun fact. Don't forget to initial your own.

No duplicate initials allowed.

The first student to receive <u>all</u> initials within 5 mintues WINS!

I own a crested gecko.	I can read Arabic (at least I learned how to).	l am left-handed.	I was not born in the US.
I am blind in my right eye.	l am getting a hamster this week!	l am a dual citizen of El Salvador and the United States!	I hold the 400m dash record at Highland High School (49.43).
l'm a DJ.	Right now, sometimes I can't unlock my car.	I have a secret wish to ghost hunt.	Not as friendly when it comes to challenges and proving myself.
I like to organize everything on my free time.	l am a student athlete, playing Division I NCAA Beach Volleyball.	I have two big white fluffy dogs, so all my clothes have hair on them.	I watch a lot of anime everyday.
I love avocados.	l speak 3 languagues: Farsi, German, and English.	My dad's name is mine, but backwards.	I love organization and having everything neat and clean.
I play Sudoku every morning before I get ready for my day.	I love to dance.	I have been to Coachella 4 times in the last 5 years.	l love love love national parks.
l was raised in Dubai.	as raised in Dubai. I have a hot sauce collection.		I lived in Beijing for 5 years.
I am working towards being fluent in 4 languages.	being fluent in 4		My family said I was too dumb to be a doctor, so I am now in Engineering.

Mentee Meetings

Mentors divide into as many groups as returning peer mentors.

Lark: Now we will focus on your mentee meetings. You will hear from our veteran peer mentors about their mentee meetings from last year. They will share highlights, challenges, suggestions, and tips for you to consider.

You will have the opportunity to ask them questions about their mentoring experience. I will first ask them to answer a series of questions. Feel free to ask the students to clarify or expand, if you would like more information.

<u>Discussion Questions for Veteran Peer Mentors</u>

Peer Mentors: Once you get into your groups, Lark will ask you each a question in the large group and allow you about 5-10 minutes to answer in your small group. If time, facilitate the discussion by helping the students continue the conversation. Ask probing questions that are consistent with the theme/topic of **The Mentee Meetings**. Share your insight, but also listen to the the new peer mentors' concerns and experiences. Make sure to give everyone a chance to speak at some point if they wish, and not allow one or two students to monopolize the small group discussion.

- Reintroduce yourself, college, major, transfer or freshmen mentor, and how long.
- What was being an EXCEL Peer Mentor like for you?
- Talk about your first meeting with each mentee. How did you build rapport? Trust? What did you talk about?
- How did you work with mentees who don't open up? Who don't want to meet? Or whose personality was just difficult?
- Besides face to face meetings, what are some other helpful ways you conducted your meetings?
- Talk about your last meeting with each mentee. What did you talk about?
- Think about your overall experience in your mentee meetings. What worked? What didn't? What would you do differently?
- Share a challenge that you have had to overcome as a peer mentor. How did you
 overcome it?
- Share what you learned about yourself during your year as a peer mentor.
- What should these new peer mentors expect and how should they prepare?
- What is something you wish someone had told you when you were a new mentor?
 Why?

<u>Discussion Questions for Trainees</u>

Peer Mentors: What are your thoughts, feelings, and questions about being a peer mentor?

Dear Self: Succeeding in Year One

Transitions can be difficult - particularly the challenges experienced during the transition into college. Looking back at your freshman year and your ongoing academic journey, write a letter to yourself titled *Dear Self*: Succeeding in Year One.

Reflect on your personal transition into CSULB (whether as a freshman or transfer student). What was the transition like for you? What were some of the challenges that you had to overcome? How did you overcome those challenges?

What are some things you would advise your freshman self? How do you continue to grow and overcome challenges that come your way? Don't forget to celebrate your successes. What are some achievements that you have accomplished along the way? What or who has helped with those achievements?

This reflective piece should be written as if you were giving it to yourself during the summer before your first semester at CSULB. Narrate/share as much as you feel comfortable. This will not be graded nor shared without your permission.

Interpersonal Skill Practice

Returning Peer Mentor Panel

 Question #6 - Will current or past mentors and mentees be included in the training?

Mentee Meeting Planning

- Scheduling Meetings
- Meeting Locations
- Preparing for Meetings
 - Breathe, Center, Affirmation
 - Boundaries in place
 - Use I Statements
- Taking Notes
- Calendar
 - Campus-wide
 - College events
 - Course deadlines
- Packing your Mentor Bag
 - Campus Resource Brochures
 - Contact Numbers & Referral Information
 - Notebook/Pen
- Reporting using the IRF

CAMPUS ASSISTANCE

Center for Evaluation & Effectiveness (CEEE)

HSI STEM Meeting Agenda SUGGESTED Sample Attendees: PM, student

- Check In (5 minutes)

- o How's your semester going?
- o How are you feeling in your classes?
- o How much have you explored the campus? Where?

- Classes Check In- 15 minutes

- o How often do you attend office hours?
- o What concepts are covered? What would you like to review?
 - Intro Course, Math 111/113, Chem 90, English 100

- Review Time Management Progress – 10 minutes

- o How are you managing your time?
 - Classes? Studying? Sleeping? Commuting? Relaxing?

- Goal Check In - 10 minutes

- o What are your goals for this month? This semester?
- o Talk about any progress with your goals.
- Let's revise this goal since you need more specific steps.

- New Goal(s)/Plan- 10 minutes

o What goal would you like to focus on next?

- Events/Opportunities- 5 minutes

 I'd like to share some events and opportunities coming up on campus with you. (include community building/success hour times, workshops, etc.)

- Questions - 5 minutes

- o What questions/concerns do you have?
- What do you want to make sure to explore/talk about during our next meeting?
- Let's schedule our next meeting.

Individual Mentoring Report Form

Complete and upload to **beach**board by the last day of each month.

The Process and Reflection Model

"The combination of knowledge, skills, and personal integration acquired in [Peer Mentor] training may best be accomplished through a process and reflection model of learning." (Borton, 1970)

Daily Reflection

What? - Reflecting Stage

What was the intention of today's peer mentor training?

What did I learn?

What did I think about it? How did I feel about it? How did I react or respond to it?

So What? - Transforming Stage

Which topics from today's training are meaningful to me? Which are not and why? How does it help me personally? How does it help me as a peer mentor?

Now What? - Action Stage

How will I apply this information in my own life?

How can I use this information with my mentees?

What other questions do I have that will help me continue to take action?

Systemic Semester Training and Support

- Opportunities Newsletter
- Beachboard
- Check-in Meetings
- Success Hour Support
- General Support
- Spring 2-Day Refresher Training

2019 Summer Peer Mentor Training

OBSERVATIONS -

WHAT WORKED/WHAT NEEDS IMPROVEMENT:

LOGISTICS:

- What Worked:
 - Summer Mentor breakfast help
 - Val's help with refrigerated items
- What Needs Improvement:
 - Need a room with tables
 - o Can we reserve a room where we can lock up materials instead of hauling back and forth?

PROGRAM AGENDA:

- What Worked:
 - Teamwork
 - College Specific Day
 - Flexibility
 - One training
 - o Fusion of HSI, COE, CNSM
 - Daily Reflections
 - Invite ENGR 101 instructors during College Specific Day
 - Mentee Meetings Panel
 - o Peer Mentor Training Booklet add new pages
 - Diversity @ The Beach (shorten presentation)

What Needs Improvement:

- College-specific half day on Monday to build foundation
- Need more breaks
- Remove My Brand presentation
- Lark present Life of a Mentor
- o Begin Mentee Meetings on Day 1, finish on Day 3, BEFORE Interpersonal Skills
 - Include:
 - Beachboard
 - · One-on-one meeting format
- o Effective Communication Strategies on Day 3, before Mentee Meetings & Interpersonal Skills
- Model appropriate IRF
- Show Opportunities Newsletter
- Explain schedule and purpose of Check-in Meetings
- Discuss ideas for Success Hours/Community Building
- Handouts on USB
- Add
 - Time Management during TLC presentation?
 - Academic Habits
 - More time for Interpersonal Skills (include problem solving)
 - More time for Mentee Meeting planning, Day 5
 - Mental Health/Trauma LBTRC

OBSERVATIONS:

- Dedicate entire day to mentoring skills
- More time for mentee meeting planning
- Remove My Brand presentations/add to booklet
- Include SMART Goal Setting, Time Management
- Incorporate more stretch breaks
- Explain schedule/purpose of Check-in meetings
- Time to brainstorm Success Hour/Community Building ideas
- Provide handouts on USB instead of printing
- Introduce updated Peer Mentor Expectations

Evaluation & Feedback

Training Surveys

- HSI STEM & CEEE
- Brief, one-page
- Open-ended feedback
- Assess content goals, presenters, timing, delivery

Mentee Surveys

Mid and post- semester

Assessment of Peer Mentor Training

- Obtain student feedback (mentor & mentee)
- Obtain facilitator/coordinator feedback
- Stay informed of institutional changes (advising policies, degree progress rules, new student resource, etc.)
- Review and make changes to theme, content, or delivery. as needed

Why Peer Mentors?

- The peer helper is slightly ahead in experience and awareness of what a student seeking help may be going through, but not so removed as to seem unable to identify and understand his or her situation. (Lockspeiser, O'Sullivan, Teherani, & Muller, 2008)
- Peer influence in many situations may be stronger than that of adults such as teachers, parents, and other experts. (Mellanby, Rees, & Tripp, 2000)
- Peer mentors have been demonstrated to be effective helpers when provided systemic training in interpersonal communication and relationship skills. (Carkhuff, 1969; Daniels & Ivey, 2007; Terrion & Leonard, 2007)

Near Peer

helped to overcome the challenges b/c hearing their stories made me more comfortable and confident in my years at CSULB." – Mentee, Summer Program Freshman, 2019

give me advice during my times of **next level.** He inspired me." struggle. I also gained someone who had been through the situation I'm Student, Fall 2019 in, so she was helpful in telling me of resources that might be of aid." -Mentee, Learning Community Freshman, 2017-2018

Peer Mentor as Strongest Influence

He was like a superstar...Being friends with him and having him as my peer mentor inspired me to go further and to be more involved in school. Every time I'd link up with him I would want to have things "I felt the training was very informative Transfer Mentee, Engineering

Systemic Training

"The mentors that we had definitely "[My mentor] was super motivated. "Its always helpful to have the **refocus** that this training provides. It makes us more confident for our new case load of students." - Mentor, After January 2018 Refresher Training

"I gained a peer mentor who would done, to impress him, to go the and allowed everyone to reflect on how their meetings went and what can be improved." – Mentor, After January 2018 Refresher Training

> "I think all the information provided was a great refresher since I'm always **looking to improve**." – Mentor, After January 2018 Refresher Training

Survey Responses

I really enjoyed this training.

Super excited for this opportunity!

I feel like the training was very comprehensive. This role can only be learned by working and practicing at it.

I felt I was thoroughly trained in all aspects of the job. The only aspect I would appreciate more training in is mentor/mentee interaction scenarios.

I feel like the training was very good, it gave me more confidence for my

responsibilities as a peer mentor.

I would like to receive more training on how to better manage mentee meetings on weeks I have midterms/exams.

I loved the resource training, but I think it could be better if it were spread out since it felt a little overwhelming.

Presentation Reflection

WHAT? - REFLECTING STAGE

What was the intention of this presentation?

What did I learn?

What did I think about it? How did I feel about it? How did I react or respond to it?

SO WHAT? – TRANSFORMING STAGE

Which topics from the presentation are meaningful to me? Which are not and why? How does it help me personally? How does it help me as an administrator/faculty or staff member/facilitator?

NOW WHAT? – ACTION STAGE

How will I apply this information at my institution?

How can I use this information within my program?

What other questions do I have that will help me continue to take action?

Thank You and Good Luck!
